Providing effective treatment since 1959 – we're here to help!

Mission Statement

The mission of the House of Hope is to provide alcohol and drug abuse treatment services to those who are most in need, so that they may reach their productive capacity, and enjoy those gifts of life that are only available in sobriety.

Thomas Ramseyer House - Men's Residential Program

Our Residential Program provides 20 adult males with a structured treatment program for alcohol and drug dependency. We offer recovering men the information, counseling and support needed to understand and accept their disease and its consequences. Men in this program learn new coping skills to function successfully without alcohol and drugs.

The Program Provides

Length of Treatment

All admissions are voluntary. Clients are asked for a commitment of 6 months. Residents will have successfully completed the program when they have maintained sobriety, secured employment and safe housing, and developed a sober support network.

Aftercare

Clients who complete the Adult Residential Program may participate in Aftercare Services. These services may include planning, referral, transitional housing, and aftercare support groups. Clients who qualify may also stay at our Sober House on Parsons Avenue.

Certification

The House of Hope, Inc. is certified by the Ohio Department of Alcohol and Drug Addiction Services. The staff providing services is caring and experienced in the field of chemical dependency. All clinicians are licensed by the State of Ohio.

Cost of Treatment

The House of Hope, Inc. is funded by the Franklin County ADAMH Board, the Ohio Department of Alcohol and Drug Addiction Services, the Columbus Foundation, the Franklin County Department of Job and Family Services and generous private donors. Client payment is based on a sliding fee scale. Most of our clients qualify for no or reduced charges for our services. We also accept Medicaid insurance.
